**E-mail:** Pricilla.Hammond@clinton.edu  
**Website:** <http://www.lcbp.org/wayside/Sites/clintoncounty.htm>

### Project Summary

A 2008 Lake Champlain Quadracentennial Implementation grant from the CVNHP/LCBP allowed the Clinton Community College to develop and install three outdoor interpretive wayside signs. The exhibits are located on the Bluff Point scenic overlook with views of historic Lake Champlain and Crab and Valcour Islands. The wayside interpretation increased the public's awareness about the natural environs and significant historic events in this area of the Champlain Valley. The bilingual (English/French) signs, installed in July 2009, are accessible throughout the year to students, the local community and visitors to the region.

The waysides are located in a very scenic picnic area.

The signs are bilingual: English/French

<b>NEIWPCC Code</b>	L-2008-004
<b>Date Complete:</b>	Dec. 9, 2009
<b>Grant Amount:</b>	\$3,190.00
