

Champlain Valley National Heritage Partnership

2008 Implementation Grant

Plattsburgh Heritage Guide

Project Summary

Through a 2008 Champlain Valley National Heritage Partnership Implementation Grant, the City of Plattsburgh developed a self-guided tour brochure of the natural, historical, cultural and recreational resources within the city for the 2009 Lake Champlain Quadricentennial.

Five thousand of the multi-modal heritage guide were printed in both English and French. As a legacy of the Quadricentennial, the guide is available in digital form, accessible from the internet.
