Project Summary

Through a 2009 Champlain Quadricentennial Commemoration grant from the CVNHP/LCBP, the 2009 Celebration Champlain Committee of the Ticonderoga Historical Society commissioned and installed two 'wing' monuments which flank a center Samuel de Champlain Legacy Monument statue.

The monuments are the focal point of the Champlain Legacy Park, which was an abandoned lot that was replanted with native tree and shrub species. The park was dedicated on July 25, 2009.

The Champlain Legacy Park monuments

One of the wing monuments depicts the map made by Champlain that was published in 1613
